

INFORMATION SECURITY and CONFIDENTIALITY POLICY

INFORMATION SECURITY and CONFIDENTIALITY POLICY

Our company considers the information security operations as one of its basic principles. Accordingly, we plan and implement the operations as may be necessary to manage and protect the physical and electronic information assets pertaining to our company and stakeholders within the framework of the ISO27001:2022 standards. In this context,

- We aim to ensure that all the information of our company and stakeholders we need to protect is kept confidential, and this information is maintained integrated and accessible,
- Protect the physical and electronic information assets as may affect the operations of our company,
- Perform risk assessment and risk monitoring operations pertaining to our information assets in order to mitigate these risks,
- Enhance the level of awareness of our employees in respect of information security,
- Ensure that our operations are performed on a continuous basis without or with the least level of interruption.

In order to attain these goals:

- We plan and implement such operations and activities in coordination with the internal and external stakeholders in order to integrate the Information Security Management System (ISMS) with all the operations in line with the ISO 27001:2022 standards,
- Ensure that all the employees act in compliance with not only with the Information Security Management System Standard but also such terms and conditions as may arise from legal practices and contracts/ agreements,
- Periodically review the Information Security System, and allocate such sources as may be necessary to attain such objectives and goals,
- Support the continuous improvement and development in respect of the Information Security Management System, and enhance the awareness of the employees and stakeholders in respect of all the innovations, changes and improvements within the scope of this system.

This policy applies to the following group companies of Alplas.

- Acron Elektronik Sanayi ve Tic A.Ş
